

Product Datasheet

Blixt Zero

16A solid state circuit breaker

Technical properties

Short circuit breaking capacity	10kA
Current (nominal)	16 A
Operational AC voltage	230V
Number of Poles	1P + N (not tripped)
Impulse withstand voltage	4kV
Tripping curve	Programmable
Form factor	DIN
Metering sampling rate	100Hz – 5khz
Standards	Coming soon.

Connectivity

Ports	Ethernet
Protocols	IPv4, (IPv6 on request) , TCP, UDP, SSL (optional)

Dimensions

Width	18 mm
Height	85 mm
Depth	78.5mm
